

Our NAPA AutoCare "Collision & Refinish" Warranty has you covered, no matter where you are.*

All qualified collision repairs and refinishes can receive up to a lifetime warranty when using Martin Senour products. Best of all, this comprehensive collision warranty is available and honored at all NAPA AutoCare Collision Centers nationwide. So when you travel or relocate, you never have to worry about your vehicle – there will be a NAPA AutoCare Collision Center nearby to help you get back on the road.

*Some limitations apply. Ask us for details.

**"Collision & Refinish" Warranty
Our NAPA AutoCare Collision Center employs
I-CAR trained and/or ASE-Certified technicians**

They have excellent experience, skills and knowledge.

To become certified by the National Institute for Automotive Service Excellence (ASE), technicians must pass at least one of ASE's 40-plus exams and provide proof of two years of relevant work experience. ASE exams are no cinch to pass; approximately one out of three of those tested fails. Prior to taking ASE exams, many technicians attend training classes or study after work in order to sharpen their skills.

I-CAR develops and delivers technical training programs to professionals in all areas of the collision industry. These programs feature instructor-led training combined with state-of-the-art technology to provide superior classroom instruction. With I-CAR trained technicians, you can be confident that your vehicle will be repaired in the quickest and most skillful manner possible.

They stay current on changing technology.

Today's vehicles are more complex than ever, and mistakes can be costly. Technicians with ASE credentials keep their skills current and must be retested every five years to remain certified.

They're committed to quality.

The ASE program is voluntary. Technicians who have invested the time and expense to earn ASE certification take pride in their work, and it shows in the service they provide.

Founded in 1972, the National Institute for Automotive Service Excellence is an independent, non-profit organization that tests and certifies the competence of individual automotive repair technicians. For more information, visit www.ase.com.
